TOOLBOX TALK

Project:	SAMPLE — Fabrication shop	**Date:**	13/10/2026
Presenter:	Supervisor Name		
Subject	Hot work and lifting safety		

Workers Present		
Print name	**Employer**	**Signature (all issues are acknowledged as understood)**
Worker Name	Lennox Facades	✓

Comments & points raised
Hazard Identification
Talking points: Review recurring fabrication hazards and inspections. Select a focus such as welding
fumes, hot work, sharp sheet metal, grinding, lifting or vehicle movement.
Comments: Crew discussed controls, reporting and safe work arrangements.

Personal Protective Equipment (PPE)
Talking points: Discuss PPE selection, limitations, fit, inspection, care and replacement. Invite
equipment concerns.
Comments: Crew discussed controls, reporting and safe work arrangements.
Safe Work Practices
Talking points: Review an approved procedure using a practical scenario: hot work, guarding and
isolation, lifting, handling material or mobile plant. Record improvements.
Comments: Crew discussed controls, reporting and safe work arrangements.
Emergency Procedures
Talking points: Review emergency roles for fire, serious injury and evacuation. Confirm the assembly
point and how to raise the alarm.
Comments: Crew discussed controls, reporting and safe work arrangements.
Questions and Discussion
Talking points: Ask what could make work safer, check understanding and revisit unresolved
concerns from previous talks.
Comments: Crew discussed controls, reporting and safe work arrangements.

WEEKLY TOOLBOX — NOTES

SAMPLE — Fabrication shop · 13/10/2026

Session details

Project: SAMPLE — Fabrication shop
Company: Lennox Facades
Start time: 05:00
Supervisor / foreman: Supervisor Name
Focus / team: Hot work and lifting safety
Record status: Completed

Work and changes this week

Fabricate frames and inspect lifting routes.

1. Hazard identification

Talking points: Review recurring fabrication hazards and inspections. Select a focus such as welding fumes, hot work, sharp sheet metal, grinding, lifting or vehicle movement.

Comments / discussion / agreed controls: Crew discussed controls, reporting and safe work arrangements.

2. Personal protective equipment

Talking points: Discuss PPE selection, limitations, fit, inspection, care and replacement. Invite equipment concerns.

Comments / discussion / agreed controls: Crew discussed controls, reporting and safe work arrangements.

3. Safe work practices

Talking points: Review an approved procedure using a practical scenario: hot work, guarding and isolation, lifting, handling material or mobile plant. Record improvements.

Comments / discussion / agreed controls: Crew discussed controls, reporting and safe work arrangements.

4. Emergency procedures

Talking points: Review emergency roles for fire, serious injury and evacuation. Confirm the assembly point and how to raise the alarm.

Comments / discussion / agreed controls: Crew discussed controls, reporting and safe work arrangements.

5. Incident reporting & first aid

Talking points: Discuss relevant incidents and near misses without unnecessary personal details. Review reporting, first aid, corrective actions and outstanding follow-up.

Comments / discussion / agreed controls: Crew discussed controls, reporting and safe work arrangements.

6. Questions & discussion

Talking points: Ask what could make work safer, check understanding and revisit unresolved concerns from previous talks.

Comments / discussion / agreed controls: Crew discussed controls, reporting and safe work arrangements.

Follow-up actions

No actions recorded

Attendance acknowledgement

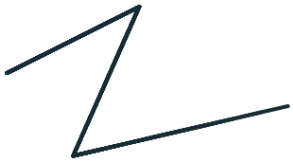

Each attendee signed on the supervisor’s device to acknowledge the issues discussed as understood and an opportunity to ask questions.

Worker Name · Employer: Lennox Facades · Time in / out: Not recorded / Not recorded · Acknowledgement: Yes · Signed: 13/10/2026, 7:44:05 am AEST

Supervisor sign-off

I confirm I conducted this talk and recorded the attendance, discussion and agreed actions.

Supervisor Name · Signed: 13/10/2026, 7:44:05 am AEST
