TOOLBOX TALK

Project:	SAMPLE — Fabrication shop	**Date:**	13/10/2026
Presenter:	Test supervisor		
Subject	Day shift / Fabrication crew		

Workers Present		
Print name	**Employer**	**Signature (all issues are acknowledged as understood)**
Test worker	Lennox Facades	✓

Comments & points raised
Hazard Identification
Talking points: Review recurring fabrication hazards and inspections. Select a focus such as welding
fumes, hot work, sharp sheet metal, grinding, lifting or vehicle movement.
Comments: Maintain extraction and hot-work exclusion zones.
Discussed: Yes

Personal Protective Equipment (PPE)
Talking points: Discuss PPE selection, limitations, fit, inspection, care and replacement. Invite
equipment concerns.
Comments: Eye, hearing and respiratory protection checked.
Discussed: Yes
Safe Work Practices
Talking points: Review an approved procedure using a practical scenario: hot work, guarding and
isolation, lifting, handling material or mobile plant. Record improvements.
Comments: Guards and isolation checked before work.
Discussed: Yes
Emergency Procedures
Talking points: Review emergency roles for fire, serious injury and evacuation. Confirm the assembly
point and how to raise the alarm.
Comments: Exits clear; assembly point confirmed.
Discussed: Yes
Questions and Discussion
Talking points: Ask what could make work safer, check understanding and revisit unresolved
concerns from previous talks.
Comments: Crew asked about lifting routes; exclusion zones agreed.
Discussed: Yes

WEEKLY TOOLBOX — NOTES

SAMPLE — Fabrication shop · 13/10/2026

Session details

Project: SAMPLE — Fabrication shop
Company: Lennox Facades
Start time: 06:30
Supervisor / foreman: Test supervisor
Focus / team: Day shift / Fabrication crew
Record status: Completed

Work and changes this week

Weld frames with revised extraction controls.

1. Hazard identification

Talking points: Review recurring fabrication hazards and inspections. Select a focus such as welding fumes, hot work, sharp sheet metal, grinding, lifting or vehicle movement.

Comments / discussion / agreed controls: Maintain extraction and hot-work exclusion zones.

Discussed: Yes

2. Personal protective equipment

Talking points: Discuss PPE selection, limitations, fit, inspection, care and replacement. Invite equipment concerns.

Comments / discussion / agreed controls: Eye, hearing and respiratory protection checked.

Discussed: Yes

3. Safe work practices

Talking points: Review an approved procedure using a practical scenario: hot work, guarding and isolation, lifting, handling material or mobile plant. Record improvements.

Comments / discussion / agreed controls: Guards and isolation checked before work.

Discussed: Yes

4. Emergency procedures

Talking points: Review emergency roles for fire, serious injury and evacuation. Confirm the assembly point and how to raise the alarm.

Comments / discussion / agreed controls: Exits clear; assembly point confirmed.

Discussed: Yes

5. Incident reporting & first aid

Talking points: Discuss relevant incidents and near misses without unnecessary personal details. Review reporting, first aid, corrective actions and outstanding follow-up.

Comments / discussion / agreed controls: First aider and kit locations confirmed.

Discussed: Yes

6. Questions & discussion

Talking points: Ask what could make work safer, check understanding and revisit unresolved concerns from previous talks.

Comments / discussion / agreed controls: Crew asked about lifting routes; exclusion zones agreed.

Discussed: Yes

Follow-up actions

1. Inspect extraction filter and brief the crew.
Owner: Maintenance · Due: 14/10/2026
Status: Open

Attendance acknowledgement

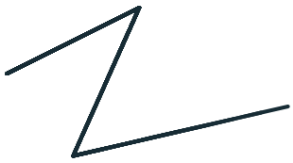

Each attendee signed on the supervisor’s device to acknowledge the issues discussed as understood and an opportunity to ask questions.

Test worker · Employer: Lennox Facades · Time in / out: Not recorded / Not recorded · Acknowledgement: Yes · Signed: 13/10/2026, 7:37:33 am AEST

Supervisor sign-off

I confirm I conducted this talk and recorded the attendance, discussion and agreed actions.

Test supervisor · Signed: 13/10/2026, 7:37:34 am AEST
